

Benchmark suite - Feature #1106

publish benchmark numbers

01/07/2013 02:59 PM - Mark Abraham

Status: New	
Priority: Normal	
Assignee:	
Category:	
Target version:	
Description Once we've got a benchmark suite, we need to use it on some current and cutting-edge hardware of various sorts under various compilers, etc. so that the suite is useful. Ideally, before or soon after 4.6 release, and the same/similar as what goes in papers we publish.

History

#1 - 01/07/2013 06:28 PM - Erik Lindahl

- Target version changed from 4.6 to future

Moving to "future" target since we do not need to hold the 4.6 release for this.

#2 - 05/22/2013 05:52 AM - Mark Abraham

- Target version changed from future to 4.6.x

#3 - 06/19/2014 12:08 PM - Rossen Apostolov

- Related to Feature #1105: produce a benchmark suite added

#4 - 06/19/2014 12:08 PM - Rossen Apostolov

- Assignee deleted (Mark Abraham)

- Target version deleted (4.6.x)
