

TNG trajectory library - Feature #1201

Reserved data block IDs

03/18/2013 04:22 PM - Rossen Apostolov

Status:	Closed	
Priority:	Normal	
Assignee:	Magnus Lundborg	
Category:		
Target version:	version 2	
Description		
Reserve data block IDs for commonly used data types, e.g. b-factors, occupancy and formal charges in the PDB format. This list of IDs can be extended with blocks for data types used with AMBER, NAMD etc. and be part of the official releases.
