

## GROMACS - Task #1310

### update bundled threading support for GMock

07/22/2013 05:07 PM - Mark Abraham

<b>Status:</b>	Closed
<b>Priority:</b>	Normal
<b>Assignee:</b>	Teemu Murtola
<b>Category:</b>	testing
<b>Target version:</b>	5.0
<b>Difficulty:</b>	uncategorized
<b>Description</b>	
Historically FindPthreads was used, but there's no good reason for that. Probably FindThreads can be used, and this would be simpler.

Fix pthread detection for GMock

FindPthreads.cmake was removed recently because it was an orphan. It turns out that isn't true, because GMock was using it. Rewrote that part of the build system to use the standard FindThreads.cmake instead.

Also clarified that the CMakeLists.txt is part of the Gromacs build system instead of being part of Google Mock.

Fixes #1310
