Redmine internal error with special characters

01/04/2017 08:53 PM - Roland Schulz

Status: New	
Priority: Normal	
Assignee:	
Category:	
Target version:	
Affected version - extra info:	Affected version: current
Description If one tries to write a comment with a c with acute (U+0107) (as in Miletic) one gets an internal software error.	

History

#1 - 05/31/2017 08:48 PM - Szilárd Páll

Interestingly, redmine.org does not have this issue. Just asked on their forums, perhaps it's a matter of config (or they're running something a lot newer).
